

# Take 'N' Bake Pizza

## Baking Instructions

Bake or refrigerate your pizza within an hour.

REMEMBER: This is a fresh pizza with no preservatives - always eat within 24 hours.

Remove the pizza from the refrigerator 30 minutes prior to baking.

Remove food wrap from pizza if included.

Bake only one pizza at a time.

Preheat oven to 425 degrees.

Bake pizza on lower oven rack with included pizza tray.

Check pizza after 10 minutes for bubbles and puncture with fork if they appear.

Bake an additional 5 to 8 minutes.

### **Note:**

Sicilian Crust Pizza: bake on the center rack.

BLT Pizza: bake top dough separate until it starts to brown.

BLT and Mexican Pizzas: put lettuce and tomato on after baking.
